Roncesvalles is a north-south street running from Queen Street West to approximately Bloor Street West. (Roncesvalles merges into Dundas Street West just south of Bloor Street West.) It is about 1.5 km west of Dufferin Street and about 0.6 km east of Keele Street.

How to reach us by TTC

From the Bloor Danforth Subway Line:

- 1) Get off at Dundas West station.
- 2) Take the '504 King' street car from within the station. (No transfer necessary.)
- 3) Get off at High Park Blvd. Cross the street and walk a block north to the church.

From the Yonge-University Line:

- 1) You will need a transfer.
- 2) Get off either at King (on the Yonge line) or St Andrew's (on the University line). (You are almost guaranteed to get a seat if you get off at King, but it may be faster to get off at Saint Andrew's.)
- 3) Take the 504 street car westbound. Make sure to get onto the '504 Dundas West Station' car. The '504 Roncesvalles' car stops about a kilometer south of the church.
- 4) On Sundays, the street car stops directly in front of the church. At other times, get off at Fermanagh (which is the first set of lights north of Queen) and walk a block north to the church.

How to reach us by car:

There is limited parking in the church parking lot. Enter by the driveway between the church and the rectory.

From the Gardiner:

Get off at the Jameson Avenue exit. Go north to King Street (the first set of lights). Go west (left) on King. King will start to curve north and will eventually become Roncesvalles at Queen Street. Continue on King and then Roncesvalles to the church. The church is on the east (right) side of the road just after the first set of lights north of Queen. (The approximate distance from the Jameson exit is 2 km.)

From the 401:

Get off at Black Creek going south. Go south (left) on Weston Road. Weston Road becomes Keele. Continue south on Keele. Go east (left) on Dundas West. Continue on Dundas West as it curves south and crosses Bloor. At the first set of lights south of Bloor, go straight, rather than following the main flow of traffic on Dundas West. Pass through another set of lights and then look for the church on the left side of the street. You should see it just before the next set of lights.
